In a paper about the biodiversity of Microgastrinae (Hymenoptera: Braconidae) in Ottawa Canada (Fernandez-Triana et al. 2016) some figure captions are incorrect. That includes three cases where the species name shown does not correspond with the actual species being depicted in those figures. To correct those mistakes, we detail below the correct captions for the corresponding figures.

The caption of Figure 8 (page 17):

Figure 8. *Apanteles laricellae*. **A** Habitus, lateral **B** head, frontal **C** wings **D** head and mesosoma (partially), dorsal **E** metasoma, lateral **F** metasoma, dorsal **F** mesosoma, dorsal.

Should read:

Figure 8. *Apanteles petrovae*. **A** Habitus, lateral **B** head, frontal **C** wings **D** cocoon **E** head and mesosoma (partially), dorsal **F** head and antenna, ventral **G** metasoma, dorsal.

The caption of Figure 9 (page 18):

Figure 9. *Apanteles morrissi*. **A** Habitus, lateral **B** head, frontal **C** wings **D** head and mesosoma, dorsal **E** metasoma dorsal **F** head and antenna, dorsal.

Should read:

Figure 9. *Apanteles laricellae*. **A** Habitus, lateral **B** head, frontal **C** wings **D** head and mesosoma (partially), dorsal **E** metasoma, lateral **F** metasoma, dorsal **G** mesosoma, dorsal.

The caption of Figure 10 (page 19):

Figure 10. *Apanteles petrovae*. **A** Habitus, lateral **B** head, frontal **C** wings **D** cocoon **E** head and mesosoma (partially), dorsal **F** head and antenna, ventrally **G** metasoma, dorsal.

Should read:

Figure 10. *Apanteles morrissi*. **A** Habitus, lateral **B** head, frontal **C** wings **D** head and mesosoma, dorsal **E** metasoma, dorsal **F** head and antenna, dorsal.

The caption of Figure 12 (page 28):

Figure 12. *Choeras consimilis*. **A** Habitus, lateral **B** wings **C** head, frontal **D** metasoma dorsal **F** head and mesosoma, dorsal.

Should read:

Figure 12. *Choeras consimilis*. **A** Habitus, lateral **B** wings **C** head, frontal **D** metasoma dorsal **E** head and mesosoma, dorsal.

The caption of Figure 21 (page 48):

Figure 21. *Dolichogenidea paralechiaae*. **A** Habitus, lateral **B** head, frontal **C** wings **D** mesosoma and metasoma (partially), dorsal **E** metasoma, lateral **F** metasoma, dorsal **E** head and mesosoma, dorsal.

Should read:

Figure 21. *Dolichogenidea paralechiaae*. **A** Habitus, lateral **B** head, frontal **C** wings **D** mesosoma and metasoma (partially), dorsal **E** metasoma, lateral **F** metasoma, dorsal **G** head and mesosoma, dorsal.
